About this item

- **Get Home Safe:** Each detail in the GA Micro Series hands-free, wearable, multi-mountable safety light was designed with your safety in mind. Featuring professional-grade construction & lighting on all sides that's visible for miles, the Micro keeps you safe and doubles as a hands-free work light. Organizations and outdoor enthusiasts in the US and around the world trust the Micro Series to keep them and their families visible and safe in any situation. Measures 5.05 x 4.37 x 1.73 cm.
- **Maximum Visibility:** With 13 high-output LEDs, the Guardian Angel Micro Series keeps you visible from up to 3+ miles. With 360° lighting, others can see you from all sides. Four brightness settings, multiple flash patterns, steady burn option and Emergency Mode, ensure others can see you when needed. With 6 white LEDs on the front, 6 red LEDs on the rear, this device features a hands-free white flood light, a white work light, and a white top light.
- **Industrial Strength Durability:** The Guardian Angel Micro Series is built to handle any weather condition and the most intense activities. Its polycarbonate and ABS shell is IP68 rated, meaning it's waterproof, dust proof and shock proof. The Micro Series has been dropped tested from 50 feet. A rechargeable lithium-ion battery reaches a full charge via a USB Type-C port in as little as 1.5 hours and can run for up to 90 hours on a single charge.
- **Versatile Mounting:** Each Micro device features a built-in rare-Earth magnet that works with all GA mounts as part of the patented Magnet Mounting System. Securely attach to clothing with included magnetic mount, or secure in seconds to your bike, helmet, dog collar, leash, stroller, backpack, tent, vehicle and more with the purchase of activity-specific mounts. Two built-in screw mounts add extra security. One light offers 1,000s of uses and can be mounted to anything.
- **Simple Operation:** With an ergonomic button design, quickly access independent controls for the front and rear lights. One tap "Emergency Mode" is ideal for situations when you need to make your position known, while a forward-facing white work light and top-facing white light add additional versatility via their own dedicated control buttons.
